

Sentique vanity washbasin

Sentique double washbasin

Sentique wall hung toilet suite

Villeroy & Boch's Sentique range exudes timeless elegance

Villeroy & Boch's latest bathroom range *Sentique* combines straight lines and discreet curves to achieve an elegant, timeless style.

The new collection has been developed in conjunction with the acclaimed German designer Reiner Moll and gives an intrinsically classic design a modern makeover.

The shallow basin and low lines accentuate the collection's chic and minimalist style, lending it grace and poise, while the faceted edge featured throughout the range provides added sophistication.

High quality workmanship combined with the durable materials used ensure the products' longevity.

The Sentique bathroom collection features a comprehensive range of models to suit every bathroom and preferred layout. Washbasins include double, single, vanity and pedestal options and toilet suites are available as wall faced and wall hung.

The Sentique toilet suites come with a Soft Close seat - one gentle push of the seat and it closes slowly and gently on its own. They also include Villeroy & Boch's exclusive ceramicplus surface finish as standard. With a proven dirt-repellent quality, ceramicplus keeps the toilet suites clean and minimises the need for expensive and ecologically harmful cleaning agents. Ceramicplus can also be added to the washbasins in the range.
