- Fully automatic blow dry system for cleaning and hygiene

## Bringing Wellness

*into your home with Air Royale*

With *Air Royale*, you enjoy a particularly harmonious champagne effect in the Whirlpool: thanks to thousands of fine air bubbles that quietly and calmly rise to the surface of the water, the skin experiences a gentle tingling sensation.

Air is injected through the unique Whisper Air jets. The jets consist of porous internal exclusive to Villeroy & Boch with numerous tiny openings that create the champagne bubble effect.

*Air Royale* is used exclusively on the Whisper Airpool, Whisper Combipool and Whisper Combipool Plus systems.

## Quality Materials

*Quality Finish*

The material's unique properties are giving rise to a transformation in bath design: Forms become possible which are unattainable with other materials.

Baths made of QUARYL® are produced by means of a casting process, which offers broad design scope. Quaryl® is only available from Villeroy & Boch.

Feel the comfort when sitting in one of Villeroy & Boch's whirlpools thanks to Quaryl® Unique: Super-flat, flush-fit base air nozzles.

Winner of multiple design awards. Previously inconceivable forms, radii and rims are now possible.

**Quaryl®**  
by Villeroy & Boch

## Whisper Whirlpool System

### *Whirlpoolsysteme*

Water cleans the body and supports it. However, in a Whirlpool from Villeroy & Boch, it develops its full potential: it spoils you, relaxes and revitalises you. It supports your body, making it weightless.

It has a positive effect on your mood and health. With a combination of air and water jets, with various alternative designs and state-of-the-art technology, your Villeroy & Boch bath becomes an ideal wellness Whirlpool.

If you ask yourself what could be better than a bath, then there is only one answer: a gently bubbling, sensual bath in a Villeroy & Boch Whirlpool.
