LAMMERT MOERMAN

JEE-O UNIQUE BATHROOMS

Creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish in mind. Enable the world to feel the JEE-O DNA. Introduce bon vivants worldwide experience the ultimate JEE-O feeling, and get acquainted with the experience of showering and bathing in endless atmospheres.

Lammert Moerman creates products with tranquility, peacefulness and space for body and mind, always within an atmosphere of functional luxury.

This freestanding productline is characterised by simplicity. Less is more. Thanks to the one-move cartridge in the mixer, the cleverly designed handle with a tactile rubber coating can be operated in the same way as a joystick. All JEE-O soho products are made from stainless steel and finished with a dark, all weather hammer coating for the right industrial look.

The JEE-O soho series is the first productline to result from the alliance between JEE-O and the Amsterdam-based design studio Grand & Johnson: creative cosmopolitans working together to shape maximal minimalism.

**JEE-O SOHO SERIES
BY GRAND & JOHNSON**

Characterized by its robust and powerful design, always distinctive in simplicity. A look that speaks for itself JEE-O represents a personal, conscious choice within the modern interpretation of spare time. Responding to an increasing need for self-development, and more than distinctive in design.

Pure aesthetic enjoyment ... JEE-O wants you to love life.
