

VENTICELLO

Design the perfect line

The winning aesthetic of the Venticello Collection is expressed in the precision of a fine language of form. Asymmetrical sinks, surface-mounted basins with semi-fitted appearance, beautiful vanity units with generous shelves, and flat toilet seats in various designs are just some of the highlights of a perfect design that effortlessly fulfils the most discerning demands with regard to functionality and individual spatial design.

For a unique sense of space. Always a fitting solution, always distinctly individual.
